Vision

To connect with every student, elevate their voices and provide them with an unforgettable university experience.

Purpose

We enhance student life at the University of Melbourne by elevating and representing student voices through purposeful engagement and advocacy and providing exceptional programs, services and opportunities that champion inclusivity and accessibility.

Strategic Priorities

Empowering our students

Strengthening our organisation

Building our relationships

Improving our governance

Effectively communicating our value & impact

How we'll succeed

- » Increasing UMSU visibility and presence in the Student Precinct.
- » Ensuring our services are accessible and accountable to our members.
- » Ensuring a range of appropriate feedback mechanisms are in place for our members to tell us what is important.
- » Improving our digital services.
- » Encouraging diverse programming across campuses.
- » Building an evidence base for increased SSAF funding.
- » Investing in improved systems and processes.
- » Creating a safe and healthy work place for all students and staff.
- » Developing our people.
- » Striving for excellence in staff recruitment, supervision, support and development.
- » Fostering a collaborative and trusting culture between student representatives and staff.
- » Establishing a positive and constructive partnership with the University underpinned by a clear governance arrangement and respect for our independence
- » Identifying potential new partnerships
- » Continuing to implement the endorsed recommendations of the 2021 Governance Review.
- » Maintaining a skilled and committed students' council.
- » Developing a robust reporting framework that supports informed discussion and decision-making.
- » Ensuring effective training and support across all student representatives and volunteers.
- » Rolling out our brand across the Student Precinct to ensure it is wide-reaching.
- » Strengthening internal communication across the organisation and externally with key stakeholders to build a supportive and collaborative culture.
- » Participating in policy development, robust representation, and vigorous advocacy to improve the circumstances of our members.
